

EHIS

ENTERPRISE HOSPITALITY INTELLIGENCE SUITE

HOSPITALITY. INTELLIGENCE. PERFORMANCE.

Modular management intelligence for hotels, restaurants and casinos.

PRODUCT PORTFOLIO & FUNCTIONAL CONCEPT | OCTOBER 2026

www.volker-weber.de

STRATEGIC PLATFORM

One ecosystem. Many operations.

From executive oversight to revenue, distribution, finance and guest experience.

Executive & Group

Single command view of KPIs, cost, revenue and multi-property performance.

Rooms & Revenue

Rates, room categories, forecasts, pricing trends and up to 10 competitor hotels.

Channel & Distribution

Direct hotel website channels and OTAs within a unified distribution architecture.

POS & Food Intelligence

Items, recipes, stock, PLUs, bundled items and configurable mixed-drink choices.

FUNCTIONAL LANDSCAPE

Built around operations.

A modular suite for growing multi-property hospitality organizations.

Conference & Events

Planning concept for up to 30 meeting rooms, setups, packages and banquets.

Sales & Guest Experience

CRM, sales opportunities, packages, vouchers and spa offerings.

Finance & Billing

Corporate invoicing, AR/AP, 7/14-day terms and payment reminders.

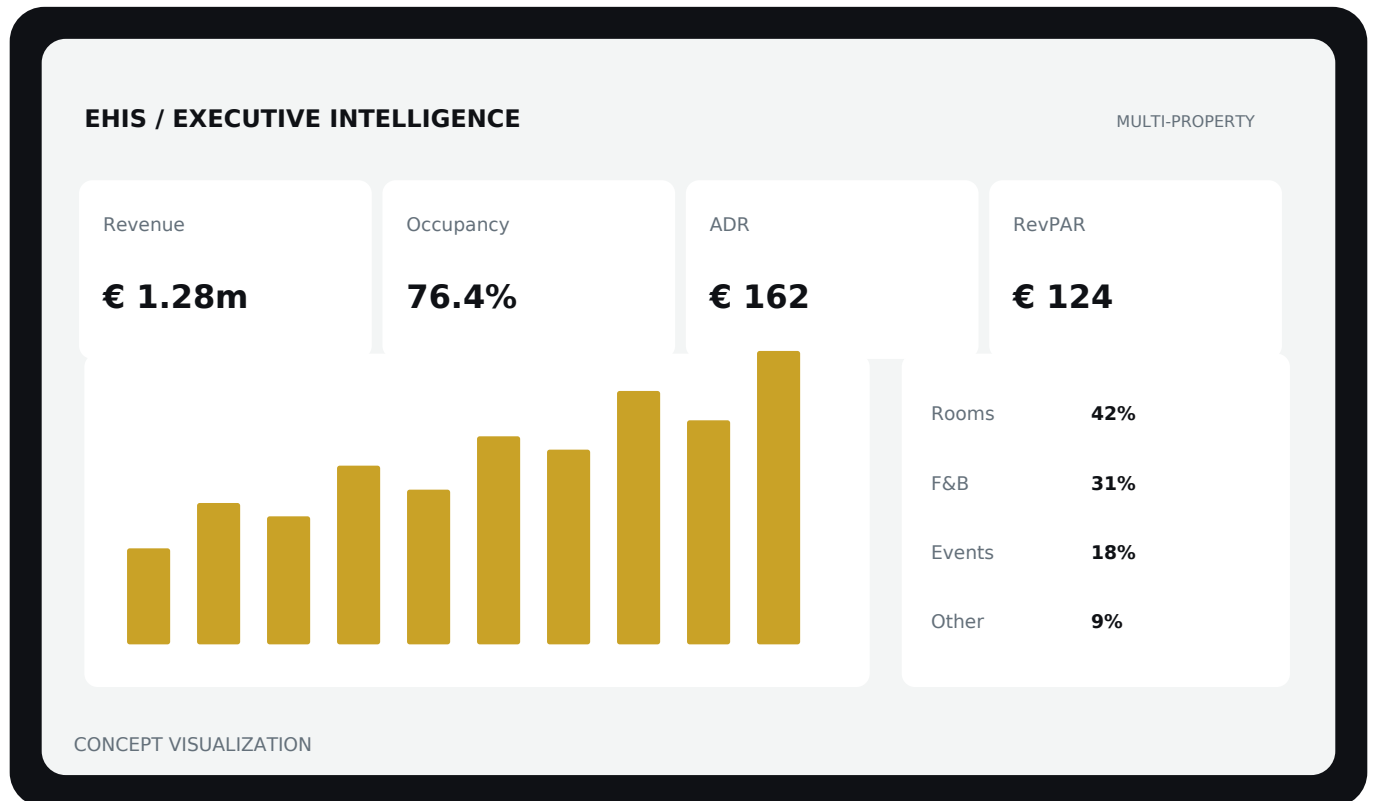

Operations & Workflow

Digital shift logs, role-based access, documented handovers and tasks.

REVENUE & INTELLIGENCE

Turn insight into decisions.

Demand, pricing and competitor data in one decision-oriented view.

DESIGN TARGETS

10 competitors • variable forecast horizon • planned twice-daily rate checks

Hotel websites and OTAs are envisioned sources; source permissions, data access and integrations require validation.

PRODUCT STATUS

Portfolio and screen concepts. No statement of certified or live integrations.
